

EVENTMARQUEES

SEASONAL MARQUEE ERECTORS REQUIRED FOR THE BUSY SUMMER SEASON

CGC Event Marquees is a well-established marquee provider covering Yorkshire, Lincolnshire & the North East. We specialise in providing an extensive range of beautiful marquees for hire for any occasion. Boasting over 70 years' worth of experience between the three senior members of our team, there are few scenarios that we have not encountered!

THE ROLE

We are now offering exciting seasonal opportunities to join us in working in an environment where every day is different. Starting from our offices in Garforth, Leeds, you could be transported to any location in and around Yorkshire to erect our structures. From wedding marquees hidden deep in the remotest Yorkshire countryside to high profile corporate event marquees in the centre of a bustling town or city, we can promise you a diverse and challenging opportunity.

We are looking for individuals who meet our high expectations to help us to continue in delivering the best product and service to our clients. No experience is necessary as full training will be given, however marquee experience would be advantageous. You must have the willingness to learn and work as part of a team.

You will have to be self-motivated and willing to work long hours (including some weekends) whilst remaining positive about the job.

The position does involve lifting and so a good level of physical fitness is essential.

In return you will get to deliver quality marquees to some fantastic locations whilst working within a friendly, experienced and dynamic team.

Alternative rates of pay are available for those with a Full Driving Licence, 7 ½ tonne Licence or class 2 Driving Licence.

JOB TYPE

Seasonal/Summer

April to October or June to September
